Met-Ed • Penelec • Penn Power

Standard Lighting Incentives for Business Program

Now you can take advantage of FirstEnergy's Standard Lighting Incentives for Business program, which offers incentives and information to encourage commercial and industrial customers of Met-Ed, Penelec and Penn Power to install high-efficiency lighting equipment. The program is funded by FirstEnergy's commercial and industrial customers in Pennsylvania in accordance with Act 129 of 2008.

Commercial and industrial customers of Met-Ed, Penelec and Penn Power may begin to review program information, and download applications to receive cash incentives for qualifying fixtures as described in the program's application form. Lighting technologies supported by the program include:

- Compact Fluorescent
- Linear Fluorescent
 - High-Efficiency T-5 and T-8 fixtures
 - Super T-8 fixtures
 - Low Bay T-5 and T-8 fixtures
 - High-Bay T-5 and T-8 fixtures
- High-Intensity Discharge (HID)
 - Pulse Start Metal Halides
- Low-Bay LED fixtures
- LED Exit signs
- Lighting Controls
 - Photo Sensor Control
 - Occupancy Sensor Control

Commercial and industrial customers of FirstEnergy's operating companies in Pennsylvania are eligible for this program. Federal facilities can take advantage of a different program.

To qualify, equipment must have been purchased on or after October 28, 2009, and must be installed by March 31, 2010.

For application forms or more information, please visit www.energysavePA.com. Program representatives can be reached via email at energysavePA@saic.com or via phone at 1-866-554-4430.

Coming Soon!

FirstEnergy will be offering additional programs for commercial and industrial customers after January 1, 2010. Look for announcements on Motors, Drives, HVAC and other business programs. Visit us at www.energysavePA.com for details.
