

Gary L. Egolf

Professional Business Advisor

Gary L. Egolf has been a Professional Business Advisor with MANTEC since 2007. In this role, Gary assists the manufacturers of Lancaster County to continuously and strategically strengthen their business. Gary builds close relationships with the owners and staff of small to medium sized manufacturing firms, assisting them in identifying and prioritizing business improvement opportunities, creating implementation projects by selecting appropriate technical and financial resources and managing these projects to successful conclusions.

Mr. Egolf brings to MANTEC clients 30 + years of manufacturing management experience in a variety of industries and environments. This diversity includes: Multiple shift operations, union and non-union, salaried and hourly, technical and non-technical. He has captured diverse exposure to the machining, weld and fabrication, paint, assembly, testing, high speed stamping, molding, heat treat, tumbling & degreasing as well as furniture and woodworking environments. As a manager, Gary has captured experience in all facets of plant operation and management including full direct cost responsibility and accountability including all occupancy costs and manufacturing expenses. Additionally, he has experience and exposure to full P&L responsibility and accountability. A proven track record was captured in utilizing MRP II, JIT, Lean, TQM, SPC, ISO9000, AVA, Employee Participation and formal project management techniques in improving operational efficiencies, reducing costs, controlling raw material and finished goods inventories, improving quality levels and enhancing profit margins. Gary is a poised, decisive, self-reliant, conscientious, calculated risk taker with high standards and he enjoys contributing to a team effort and creating a secure and quality working environment.

Throughout Mr. Egolf's career he has held positions with Dolly Madison Industries, Federal Mogul Corporation, Allis Chalmers Corporation, GTE Products Corporation, Cleaver Brooks, Rockwell Graphics, and prior to joining MANTEC, he served as the Plant Manager for the National Bearings Company located in Lancaster. All past assignments were within the Engineering or Operations arena and the majority of his work experience comes from the local area whereby he has structured a strong awareness of the diverse manufacturing base within his district and the lasting relationships that were structured along the way continue to serve him well in his current role with MANTEC.

Mr. Egolf holds a Bachelor of Science Degree in Industrial Engineering from Purdue University and his affiliations include: Board of Trustees - Friends of Central Market, AIIE – American Institute of Industrial Engineers, State Certified LEAN Practioner through MANTEC. Gary and his wife Paula are long time residents of Lancaster and they collectively support Paula's career as a professional artist. Their daughter, Gretchen, currently lives in New York City as an actress.
